J. DOOLITTLE, Sec.

Bound for Yukon.

It may not be generally known, but it is a fact, nevertheless, that the celebrated Yukon country is directly under the jurisdiction of the Northwest Assembly, and the laws passed at Regina are those under which the country is administered. The license law, however, which applies to the organized portion of the Northwest Territories—that is, that portion comprising the federal electoral districts of East and West Assiniboia, Saskatchewan and Alberta, does not apply to the balance or unorganized portion of the Territories.

The Federal statutes have clothed the Lieutenant-Governor of the Northwest Territories with power to make regulations in regard to the sale of liquor in that country, and as it is impossible to satisfactorily arrange such matters without a personal knowledge of the conditions of the country, it has been decided to appoint one of the members of the executive council to proceed to that country at once. Our member, Mr. G. H. V. Bulyea, has been selected to make the trip, and as soon as the arrangements for the long overland trip can be completed, Mr. Bulyea will start for the coast and will proceed with dog trains to wards Dawson City, which he hopes to reach before the ice breaks up. We think that the actions of the responsible advisers of the Lieutenant-Governor are to be commended for the fact that they recognize their responsibility and the matter of legislation for this far-off district. Mr. Bulyea will be empowered to appoint commissioners in each locality who will fix the fees, etc., to be paid by the licensees, and make other general regulations. It appears to be rather an arduous undertaking to start for Dawson at this time of year, but we are satisfied that Mr. Bulyea has considered the hardships of the trip and will push right through. Mr. Victor Dodd, the license commissioner of the organized portion of the Northwest Territories, accompanies Mr. Bulyea on his trip.

Edgeley Echoes.

The twelfth annual meeting of the Edgeley school district, was held in the school house on the 8th inst. Many of the ratepayers were present and the meeting was carried on most harmoniously throughout. Trustees, inspectors and teachers' reports were received and adopted. Several small contracts necessary to the proper working of the school were let, one of which was the cleaning and renovating of the building. Joseph T. Craig was unanimously elected as next trustee in place of Joseph H. Craig, who retired after having done good service for a number of years. The board of trustees for the current year is F. G. Whittingham, sec. t. cas; J. H. Fraser and J. T. Craig. A special feature of the meeting was the question of enlarging the present school house, or what is perhaps better erecting a new building, found necessary to accommodate the increasing school population of the district. It might be stated that, at certain periods of the year, during the winter months especially, the present structure is not sufficiently large. In case a new school is erected, the present one is to be fitted up as a house for the accommodation of the teacher. The whole matter is now under consideration, and it is very probable that in the near future a meeting of the ratepayers will be held to discuss ways and means, after which a poll will be taken to settle the matter.

The parlor social given by Mr. and Mrs. J. Whittingham for the Young Peoples Christian Endeavor society fairly outshone all other previous winter parties. The first part of the evening was spent in games and a general conversation; then followed music, consisting of hymn-singing and songs. Of the many who contributed to the evening's enjoyment mention must be made of Mr. and Mrs. Jarvis, of Red Fox Coulee. The instrumental music by Mr. Jarvis was very fine, showing the power and rich tone of the grand new six-octave organ; which we understand Mrs. Whittingham received as a Christmas present from Mr. "J. W." Santa Claus. The recitations by Mr. Jarvis and Mr. Musselman were both amusing and instructive. Several people from town took part, among whom were Miss Howitt, Miss McFarlane, and Mr. Sheldorf. About ten o'clock some seventy guests were served with refreshments, reflecting great credit on the hostess. A collection was taken up at the close on behalf of the society.

Edgeley Council R. T. of T. is booming, both in the interest taken and in the increase of members. The officers for the term are as follows:

Bro. J. H. Fraser, Select Councillor.
" J. Fessant, Past Councillor.
" T. J. Wilson, Rec.-Sec.
" S. Howitt, Chaplain.
" J. Craig, Herald.
" Sister Gertrude Craig, Fin.-Sec.
" Bro. D. Tate, Sentinel.
" Sister Emma Goodwin, Guard.
The Vice-Comm., Asst. Rec.-Sec., Deputy Herald and organist will be selected at the next regular meeting.

A pleasant time was spent last Wednesday evening at the residence of Mr. and Mrs. J. H. Fraser, the occasion being the presentation of an address and silver tea

service to Mrs. Fraser, who has so ably filled the position of organist in the Methodist church since its organization in this district. Needless to say, Mr. and Mrs. Fraser were taken completely by surprise and did all in their power to make a pleasant evening for the members and adherents of the church who gathered at their residence.

The football hall is now being completed and made much more comfortable than formerly. The intention is to hold shortly a grand concert, at which both foreign and local talent will assist. A grand time is anticipated.

Mr. J. Sheldorf, of Indian Head, is holidaying at the home of Mr. and Mrs. Ellis, of this place.

Mr. J. H. Fraser intends to start on a trip east in the interests of the contemplated felt factory.

Mr. Jervis, teacher, of Sintaluta, and his wife, are visiting friends and relatives in the district.

Mr. Misselman of Summerberry, is visiting friends in this district.

HAS STRONGLY INFLUENCED THE COMMONS

It is a fact worthy of record that at least fifty members of the House of Commons are able personally to bear united and convincing testimony to the good effects of Dr. Agnew's Catarrhal Powder in case of cold in the head or catarrh in its severe different stages. These columns have recorded the testimony of members representing constituencies in every corner of the Dominion. At this writing we have before us the words of Mr. Arthur A. Benson, M. P. of Kichen, Que., and Hugo H. Ross, M. P. of Dundas, who join with their other members in telling what this remedy has done for them in cases of catarrhal trouble. At the present time, when so many are suffering from influenza in the head it is a friend indeed.

Sold by Henderson & Parker.

—Three years ago a North Dakota farmer, or rancher, took two hundred sheep to Chicago and cleared \$400 on the lot. A week or two ago he took a second two hundred and netted \$800. A Grand Forks paper relates the circumstances in order to show that sheep raising in North Dakota pays. There is no doubt it does, if gone about intelligently and systematically, and will pay just as well on this side of the boundary line. The superstition that sheep cannot be profitably raised in this country is dying out, but it is time it had completely disappeared.

—Two gentlemen from Wolseley passed through here Monday on their way to the Klondyke. They were well provided for emergencies, and were driving at leisure. It is supposed they are going via Swift Current, but at the rate they were travelling it is said they will reach their destination about the year 1900.

Love is crowned triumphant only in the home where a baby completes the tie of matrimony. A childless marriage cannot be a happy one. It takes the final tie of a baby to bind two souls together in marriage for better or for worse. Without this final tie a wedded couple lack the indissoluble interest that makes daily self-sacrifice not only a possibility, but a pleasure.

There are to-day thousands of homes all over the country that were once childless and unhappy, but that to-day echo with the laughter of happy babyhood, as a result of a marvelous medicine, known as Dr. Pierce's Favorite Prescription. This is the greatest of all medicines for women who suffer from weakness and disease of the delicate and important organs that bear the burdens of maternity. It makes them healthy, strong, vigorous and elastic. It makes them pure and virile. It allays inflammation, heals ulceration, soothes pain and tones and builds up the shattered nerves. It banishes the discomforts of the expectant period, and makes baby's coming easy and almost painless. It insures the little new-comer's health, and a bountiful supply of nourishment. It transforms weak, sickly, nervous invalids into happy, healthy mothers. An honest dealer will not urge an inferior substitute upon you.

"I am now a happy mother of a fine healthy baby girl," writes Mrs. F. B. Canning, of No. 4320 Humphrey Street, St. Louis, Mo. "Feel that your 'Favorite Prescription' has done me more good than anything I have ever taken. Three months previous to my confinement I began using it. I was only in labor forty-five minutes. With my first baby I suffered six hours then had to lose him. He was very delicate and only lived 12 hours. For two years I suffered untold agony and had two miscarriages. The 'Favorite Prescription' saved both my child and myself."

Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free letter of advice, and enclose 11 one-cent stamps, to cover customs and mailing only, for a paper-covered copy of the "People's Common Sense Medical Adviser" or 50 stamps for a cloth-bound copy. A medical library in one volume.

THURSDAY, JAN. 13, 1898.

RESPECTING MUNICIPAL- TIES.

We would call the attention of
our readers to some important altera-
tions made by the Assembly in the
"Ordinance Respecting Municipal-
ties."

Councillors will, in future, be
elected to serve for two years, so
that on the retirement of the pres-
ent council the first two candidates
nominated for the succeeding council
will go in for two years and the
other two for one year, thus pro-
viding for an annual election of two
councillors to fill the vacancies of
the two whose terms expire.

Councils have now the power to
make a by-law allowing a rebate
from taxes (not to exceed 10 per
cent.) paid before a time to be
named in the by-law. Also to own
stock in works of a public nature.

No application for granting bonu-
ses or exempting from taxation,
which cannot be met out of the
funds of the current year, can be
entertained except on a petition of
one-half of the resident ratepayers,
and all by-laws relating to such
must be submitted to the ratepayers
and receive the assent of two-thirds
or more of the votes polled, before
the final passing.

There will no longer be three

persons to do the office work of the
council. The Secretary-Treasurer
will be clerk, treasurer and collector
and lodge all funds controlled by
the municipality to its credit in a
bank.

On or before the first day of
October the Sec.-Treas. shall trans-
mit by mail a notice containing a
statement and demand of taxes to
each ratepayer, who shall bring the
amount demanded to the office be-
fore a date named. In case any
person neglects to pay his taxes
for thirty days after demand, the
Sec.-Treas. may distrain, and such
distrain shall be made before the
20th day of December in each
year.

The council is to publish, not
later than the 15th day of Febru-
ary, a detailed copy of the auditors
report, and further, the council
shall provide for the auditing of
the Sec.-Treas.'s accounts at least
once in every three months during
the current year. Also, the Lieut.-
Governor, on a petition of one-
quarter of the ratepayers, may ap-
point anyone to make a special
audit of the accounts, the expense
of such audit to be paid out of the
general fund.

Land is to be assessed at its rela-
tive value as compared with the
balance of the land in the municipa-
lity; provided that no lands be
assessed at a less valuation than
\$2 per acre.

In rural districts every person is
liable to do two days statute labor
for each quarter section for which
he is assessed, and every male in-
habitant of over 21 years and un-
der 60 years of age, who is not as-
sessed, shall be liable to do one
day's statute labor.

Statute labor may be commuted
at the rate of \$1.25 per day.

The council may provide that
instead of statute labor, a special
tax called the "statute labor tax,"
be collected.

Respecting the herd law, our
readers will learn, with disgust or
otherwise, that it no longer rests
with councils to fix the time for
herding cattle. Councillors will no
doubt be deeply grateful to the
Lieut.-Governor and the assembly
for relieving them from standing
in this matter, as is said—between
his Satanic Majesty and the deep
sea. We sincerely hope that the
powers that be may not be scorched
by the one nor overwhelmed by the
other. The 15th of May to the
15th of October, we understand,
is the period fixed for herding.

THE MILL.

If all goes well, the mill is once
more to be set in working order.
Mr. McKinnon, who was here last
year about the mill, has offered to
come with a partner and run it
provided he can be exempted from
taxation for ten years. A petition
has been drawn up with a view to
affecting this, and 200 signatures
are required before the paper can
be laid before the council. Of
these, about have been obtained
already, and surely there ought to
be no difficulty about getting the
rest. An enterprise of this kind
costs the municipality nothing.
Qu'Appelle has everything to gain
and nothing to lose by it. Not
only will the presence of an active
mill be more convenient for the
farmer, but it will be of great ben-
efit both to farmer and merchant.

We understand that the petition
for the felt factory has got the re-
quired number of signatures, and
therefore the felt industry may be
an assumed fact. And since the
people of Qu'Appelle and district
have been thus far ambitious, should
they not go one step farther and
acquire the mill, which is within
easy reach of accomplishment, and
which, when once acquired, will
cause this district to flourish more
and more?

Ottawa Notices.

Ottawa, Jan. 8.—The deputy post-
master-general, in to-day's Gazette,
revokes the three cent letter rate to
the old country, and orders that the
full five cents must be paid or the
deficiency will be charged double on
delivery.

FOR TEN CENTS.

Have you ever tried to estimate the satisfaction, pleasure and financial returns that you get when you spend ten cents on Diamond Dyes? The advantages and profits are strikingly wonderful. Faded and dingy looking dresses, blouses, capes, knitted shawls, hose, lace curtains and pieces of drapery are restored to their original value and usefulness. The truth is, they are made as good as new and the cost only ten cents.

This work is done every day by thousands with the Diamond Dyes. Beware of imitations that some dealers offer for the sake of big profits.

Send to Wells & Richardson Co., Montreal, P. Q., for valuable book of directions and sample color card; sent post free to any address.

Spencerville Splashes.

A dance under the auspices of the Spencerville Football club was held on Friday evening, and all had a good time. The ladies of Spencerville were conspicuous by their absence, owing to an oversight on the part of a certain young man, who, it seems, had gone to fetch two ladies to the dance, but, strange to relate, when he got there he seems to have forgotten what he was after or perhaps the attraction there proved greater than the allurements of the dance. Thanks are due to the ladies outside the district for their presence, and also to the ladies of the district who helped to make the dance a success. We hope for a better turnout next time. Will the party who took the pies kindly return the plates? At the rate they were going west, it will be hard to overtake them.

Mr. J. C. Starr has been re-elected sec.-treas. for the Starr's Point school for another term. We understand that the name of our school is not to be changed, but is still to be known as Starr's Point.

Our bachelors turned out ungaily to the dance, but it looked as though they so intended to remain.

CUNNINGHAM-FLINT.

The marriage of Mr. Andrew Oswald Cunningham, of New Orleans, second son of Mayor General P. S. Cunningham, of Gloucestershire, Eng., and grandson of the Earl of Glencairn, to Julia Rebecca Hill, daughter of Mr. and Mrs. Frederick William Flint, of Mount Arrey, Ga., took place at the residence of the bride's parents on Dec. 15th, 1897. Miss Flint is a granddaughter of the late Col. Thos. C. Howard, and niece of Judge Samuel Hall, late of the superior court. Mr. Cunningham is known to sev-

eral here, having come out to Manitoba with Mr. H. F. Boyce, afterwards going to North Dakota, U.S. His Northwest and Dakota friends extend congratulations.

SAFETY IN BUYING SEEDS.

There is no other way to measure the value of seed than by the value of the crop. A good crop simply can not come from poor seed. Second-rate seeds will waste good land, good fertilizer, and the crop won't pay expenses. Now, as the practical farmer cannot afford to waste time testing seeds to find out whether true to name, sound and clean, it stands to reason that the only safe way to buy seeds is to seek the protection of a name that has stood for reliability in the past. The great seed house of D. M. Ferry & Co., Windsor, Ont., has sold seeds for the last forty-two years, and the steady growth of the business is a sure indication that Ferry's seeds have given satisfaction. Ferry's Seed Annual for 1898, a standard guide for farmers and gardeners, containing much valuable information, is sent free to persons writing for it.

The Northwest irrigation laws will be amended.

Ontario's receipts for 1897 exceeded the expenditures by \$390,000.

Heart Spasms

DR. AGNEW'S CURE FOR THE HEART A WONDERFUL LIFE-SAVER.

No organ in the human anatomy to-day whose diseases can be more readily detected than those of the heart—and medical discovery has made them amenable to proper treatment. If you have palpitation or fluttering, shortness of breath, weak or irregular pulse, swelling of feet or ankles, pain in the left side, fainting spells, dropsical tendency, any of these indicate heart disease. No matter how long standing Dr. Agnew's Cure for the Heart will cure it—a heart swoon—acts quickly—acts surely—acts safely.

"I was given up to die by physicians and friends. One dose of Dr. Agnew's Cure for the Heart gave me ease, and six bottles cured my case of fifteen years' standing."—Mrs. J. L. HELLER, Whitewood, N.W.T.

Local and General

—Mr. T. Baker, late farm instructor, Touchwood, was in town yesterday.

—Mr. R. Johnston shipped west 20,000 lbs of dressed hogs on Saturday last.

—All wish God-speed to Jack Leader of the Fort, on his joining the N. W. M. P.

—Mr. C. B. Tomlin, of the J. I. Case company, registered at the Queen's this week.

—W. D. Cowan, D.D.S., dentist, will visit Qu'Appelle Stn. on Jan. 20 and 21, staying at the Queen's hotel, for the practice of dentistry.

—Mr. Jas. Rankin of Winnipeg, left on Saturday to inspect the cattle on the ranges in the Touchwood country, for Messrs Gordon & Ironsides.

—As will be seen in another column, tenders are called for by the post office department for the carrying of mail between Balcarres and Indian Head.

—Dr. Seymour, of Fort Qu'Appelle, arrived in town on Monday evening on his way to attend a meeting of the medical council, which met at Calgary on the 12th inst.

—Mr. J. S. McDonald, the newly appointed District Superintendent of Government Telegraphs in the Northwest, has taken up his abode in town and is now in charge of the office.

—The date of Mr. Goodier's concert has been altered from Friday, Jan. 21st, to Tuesday, Jan. 25th. Tickets are now printed, and can be had at Henderson & Parkers or from Mr. Goodier.

—A poem entitled, "Spencerville Threshers," has been handed us for publication, which we must decline as it is entirely too long. While we are always pleased to publish anything of local interest, we must insist on writers being brief and to the point.

The annual meeting of Presbyterian congregation was held in the church on Tuesday afternoon at 2 o'clock. The different departments of church work were found in a satisfactory condition. The total receipts from all sources, including about fifty dollars of arrears, have been nearly \$1,000, about \$300 in advance of previous year. In order to secure more teachers for the Sunday School, it was decided to hold it after the morning service.

—Mr. S. S. Phillips, of Regina, the inventor of a boat to climb rapids, was in town this week exhibiting a working model of the same. It appears capable of doing all that he claims for it. The river current is the power to be used in propelling the boat up the rapids.

—At the inauguration meeting of the Qu'Appelle Glee and Musical Society, Miss Wilson was elected Treasurer, and Mr. Goodier, Secretary. McLean's Hall has been hired for the weekly rehearsals which are to be at 8 o'clock on Tuesday evenings. A subscription of 50 cents is to be levied on each member to defray the expense of the hall, besides each member paying for his or her own music. It only remains to be hoped that the society will flourish; let all remember that what is worth doing well is worth doing. The Rev. J. P. Sargent has consented to be Honorary President.

—Canon Flett, of Prince Albert, who is at present visiting friends in Winnipeg, has had an offer from the Smithsonian Institution at Washington to take an important position in the ethnological department. Mr. Flett's long residence in the west and his thorough knowledge of the history, traditions and customs of the Indians place him as an authority, and the Institute may congratulate itself on securing his services.

—At the meeting on Jan. 7th of the A.O.U.W., the following were elected officers for this year: A. Gray, M.W.; Jas. McEwen, Overseer; W. T. Thompson, Foreman; C. E. Carthew, Recorder; A. Raymond, Financial; J. P. Creamer, Financial Receiver; C. T. Bailey, Guide; W. H. Bunn, I.W.; J. Whit-

tingham, O.W.; G. S. Davidson, representative to grand lodge; G. Bursea, alternate.

—Mrs. G. H. V. Bulyea and son, Percy, arrived home Tuesday morning from a prolonged visit to relatives and friends in Nova Scotia.

—Mr. H. L. Walton, relieving operator, C.P.R., is at present assisting Mr. Munro, of this place, during the absence of Mr. Waite in Regina. Mr. Waite visited Qu'Appelle on Monday. He expects to return here shortly.

—Dr. J. P. Creamer left on Sunday evening for Belmont, Ont., to bring up a carload of first-class working horses and drivers. He expects to return about Feb. 1st. Dr. J. A. Creamer, of Regina, will also bring up a carload for Regina.

—It is pleasing to state that Mr. Stewart Langville, who fell from the Lake of the Woods elevator here last summer, and who, it was thought, had sustained serious injuries, is now all right and suffers no inconvenience from his fall.

—Mr. W. Cleverly, of the firm of Cleverly & Fergusson, Brandon, arrived in town Tuesday. Mr. Cleverly is an enthusiastic curler, and was induced to join in a match game the same evening. Unfortunately Mr. Cleverly's rink was defeated by a score of 3-2.

—A grand skating carnival will be held in the rink here on Wednesday evening, Jan. 26. Prizes are offered for the best ladies' and gentlemen's costumes, boys and girls (under 14 years), the best gentleman and best lady skater, also for the best comic costume. Admission for all not in costume, 25cts.

—The second annual bench show of the Western Canada Kennel club will be held in Winnipeg on Feb. 9th to 12th (bonspiel week). All people interested in canine matters are earnestly called upon to use their best endeavors to make this show a success. Copies of the rules and regulations governing show may be had on application to S. R. Collier, sec., box 562, Winnipeg.

Springbrook Sayings.

(From our own correspondent.)

The literary meeting of Friday evening was a very interesting one. It being the first of the year the election of officers was in order. The following are the staff for the ensuing term: W. Seymour, pres.; Miss Brown, vice-pres.; Mrs. McNaughton, 2nd vice-pres.; A. E. Nichols, sec.; Geo. Robb, treas.

Subject for debate: Resolved, "That Naamicon was a greater general than Wellington." Affirmative, P. O. Nelson, F.W. Seymour. Negative, W. Seymour, A. D. Stewart. The other speakers mentioned in last issue, agreeing to pair off in order to give the leaders time to fully express themselves on this interesting subject. After a lengthy and animated discussion, the judges disappointed the audience by reserving their decision. Subject for next debate: Resolved, "That mixed farming is more profitable than grain raising." We hope to see a large turn out of farmers to hear this all important question discussed. Next meeting, Friday evening, Jan. 14.

Some of the timber for the Sioux bridge passed through here last week. People here are very anxious to see it completed before spring.

Some of our young men are smitten with the gold fever, but think the Klondyke too cold.

Farmers are taking advantage of the fine weather by getting their summer wood home.

We are sorry to say Mr. B. H. Brown is so unwell as to be confined to the house.

Miss Dale has been the guest of Mrs. McNaughton this week.

GRACE ELLA ATON, HARTLAND, N.B., CURED BY DR. CHASE.

I do hereby certify that my daughter, Grace Ella, was cured of Eczema of several years standing by four boxes of Dr. Chase's Ointment.

With the January issue of The Nor-West Farmer that publication completes its 15th year. In this month's issue considerable space is devoted to the dairy conference held at Regina, with a large half-tone engraving of the delegates in attendance. There is also published the yields of grain, grass and root crops for 1897 at the Indian Head Experimental Farm. Various matters affecting stockmen and agriculturists in the Territories in regard to branding, etc., making the issue particularly interesting. The Farmer is steadily improving, and as it is a western publication, should have the support of western farmers.
